Antioch People Warned Of Smoothie Salesman Asking Down Payments

Strange Contractors Said To Be Providing Inferior Materials

As the result of numerous reports coming to the Antioch News that the village is being overrun with salesmen, a warning is issued that only representatives of known reputable firms be admitted to homes after credentials are provided.

Both President George B. Bartlett and Clerk L. D. Powles deny they have issued permits for peddlers. On the other hand permits are not needed by persons who merely take orders and do not deliver at the time the business is sought. Some firms such as the Omar Bread Co., pay a yearly license fee through the village board.

Persons canvassing from door to door taking deposits on merchandise, photographs and magazines are for the most part not trustworthy and if the material is ever delivered at all it is usually inferior stuff.

"Our greatest trouble," said President Bartlett, "was with those persons asserting they were selling magazines to finance their way through school. Most of them were frauds with high powered sales ability."

President Bartlett said he has never issued any peddler's permits and doesn't know what the license fee is. Powles said the same. The president said he usually discouraged any salesman who sought permission to canvass the village, and at the same time urged local citizens to buy their wares from local merchants.

One type of salesman said to be operating without the need of license throughout Lake county is the "contractor" who cruises the streets looking for houses in need of repairs, new roofs, new siding and the like. Through a smooth sales talk the work is contracted for and the name signed. The result is an inferior job and the contractor once paid, can never thereafter be found.

One Waukegan man was charged \$1,150 for a job worth \$300 and managed to find the workman in Chicago and is now bringing suit.

Reputable contractors do not have to go far from home to get contracts today.

Local women recently became alarmed when a man persisted in trying to get into their homes on the pretext of inspecting their furnace. So far as is known he didn't get in.

The warning is repeated that only local or well known firms be patronized.

F. Cook, 57; Dies in Lake County Hospital

Frank Cook, 57, died at the Lake County hospital, Sunday following a brief illness. Mr. Cook was born in Lithuania August 18, 1892. For the past seventeen years he had done maintenance work at Alendale School for Boys, at Lake Villa. Funeral services were held at 10 o'clock Wednesday from St. Peter's church. Interment was in Mt. Carmel cemetery.

Carl F. Zuehlsdorf Dies Mon., July 18

Carl E. Zuehlsdorf, 37, died Monday, July 18, at 1:45 p. m. at his home in Salem, Wis., after an illness of five weeks.

He was born in Bristol township March 30, 1912. For the past fifteen years he had made his home in Salem. He was married to Clara Gitzlaff on April 6, 1934 at Pleasant Prairie. He was employed by Standard Products at Woodworth until a year ago, when he drove a school bus.

Survivors include his wife, Clara, his parents, Gustave and Minnie Zuehlsdorf of Kenosha, two sisters, Mrs. Emily Shend and Mrs. Esther Adamson, of Kenosha, and a brother, Herman, of Kenosha.

Funeral services were held today (Thursday) from the Salem Methodist church, the Rev. Dale Jennings of St. John's church of Milwaukee officiating. Interment was in Bristol-Paris cemetery.

Mesdames George Bacon and Arthur Rosenfeldt were hostesses to the members of the Order Eastern Star Past Matrons club at the home of Mrs. Bacon Thursday evening.

Meeting of Protesting Taxpayers Called for Sunday at Grass Lake

A meeting of all taxpayers who filed protests last year and any others who are willing to file this year has been called for 2 p. m. Sunday at the Grass lake school, Nathan Galloway, chairman of the area's tax committee announced yesterday.

Peter Paul Gaddy, Gages lake attorney for the Lake County Taxpayers association, will be present to explain the procedure of filing protests and to report on what has happened recently in community, county and state action on taxes.

Rescue Squad Aids an Injured Girl and Aged Man at Summer Resorts

Joan Voelz, 17, daughter of Mr. and Mrs. Edward C. Voelz of 2235 School st., Chicago, a summer resident of the Wedgewood subdivision of East Loon lake, was taken to St. Therese hospital by the Antioch Rescue squad for x-ray examination as the result of a fall.

The squad was called to Depot st., Monday to take the girl home after she was knocked unconscious in a fall from her bicycle. She asked to be let out of the ambulance a block from her summer home and was able to walk the rest of the way.

Tuesday while on her bicycle she fainted and the squad was called again. This time they took her to a doctor and the parents were summoned. The parents arranged for hospitalization.

The Rescue squad at 11 a. m. Monday went to the Grady resort at Crooked lake and took Peter Rockermel of Oak Park to the Conell Memorial hospital at Libertyville for treatment. The elderly man is said to have suffered a hemorrhage. His condition yesterday was favorable.

Antioch Township Tax For Corporate, Poor, Lower Than for 1945

While other townships in Lake County are seeing their taxes skyrocketing over 1945 levels, Antioch and Lake Villa townships are actually paying less today for corporate and poor taxes than three years ago.

Antioch township's expenditures in 1945 were \$13,436 and in 1948 only \$11,425. For the same period Lake Villa went from \$8,087 down to \$7,074.

During the same period Newport went from \$3,419 to \$9,709. The outstanding boost was Deerfield where the total climbed from none in 1945 to \$57,613 in 1948 by reason of retirement plans.

Seventy-four per cent of the county's 62 per cent increase in township taxes since 1945 have come in corporate and poor relief funds, Walter Smith, chief of the county tax division reported this week.

Taxes for all township purposes increased from \$515,954 in 1945 to \$834,881 last year, Smith's figures show.

If it is more than the people intended to pay it was because they stayed away from the annual town meetings, he said. The taxpayers themselves are responsible for the \$5 million tax increase for the whole county.

Extensions for all county, taxing districts rose from \$5,818,889 in 1945 to \$10,737,166 in 1948, a hike of about 85 per cent. Cities and villages boosted their taxes by 34 per cent; schools increased theirs 109 per cent, the county 75 per cent.

Taxes are merely a cooperative method of buying services. Their purpose is to reduce through collective purchase service or materials which would cost more through individual purchase. If they are raised, it either indicated that more services are being purchased, which in itself might not be wrong, or that the services are costing more. Both are found in the tax hikes.

Oats Cutting, Combining On
Farmers are cutting their oats for threshing or are combining it this week. The crop is not very large in some places owing to the lack of moisture at the right time while in other places there is a good yield. The corn is doing good. Some farmers say that there are many corn borers in their fields. It is too late now to do anything about the borer, but farmers can spray for the second crop. Some are getting an operator of an airplane to do the spraying.

V.F.W. Beats Prairie; Loses to Burlington; Plays Zion Here Next

The V. F. W. captured its second game of the year from Pleasant Prairie as they trimmed the Wisconsinites Sunday by a 9-3 count.

Bruce Dalgard on the mound for Antioch pitched a good game scattering nine hits, striking out eight men, and issuing only two passes. He received fine support from the infield which came through with two double plays and other fine plays.

The big break of the game came in the sixth inning when several errors in judgment cost Pleasant Prairie dearly. With the score tied at 2-2 Jack Crandall led off with a fluke single which dropped between the shortstop and two outfielders. Ray Wells bunted and was safe when Jr. Zirbel's throw to second was too late to get Crandall. Ray Scott also bunted and was safe when the throw to third was again too late to nip Crandall. Herb Ellis then came through with a single to left scoring Crandall and Wells and moving Scott to third. Dalgard bunted but the throw to the plate was wild and all runners were again safe. Fields bunted and this time the pitcher threw to first to retire the batter for the first out of the inning. Ellis scoring on the play however. Shank then smacked a triple over the left fielder's head scoring Dalgard. Shank scored a moment later as Palenski grounded out. That inning was the game although each team counted one more run.

Next Sunday the V. F. W. will be at home to play the Zion Merchants. Antioch will be seeking to avenge an earlier defeat by the Merchants.

Defeated by Burlington
Friday night the V. F. W. traveled to Burlington and engaged the Burlington Legion in a night game. Even though Antioch was visibly not accustomed to the arcs the game was close. Burlington winning 5-1. Bushing allowed only six hits but the home team bunched three of the hits with an error and two pass balls to score four runs. Antioch could collect but three hits and averted a shutout by combining singles by Shank and Fox and a fly by Crandall for their only run of the game.

**Round Lake Beach and
Park Vote Down Bond
Issues During Week**

Following receipt of the tax statements, citizens in the Round lake area began tightening their purse strings.

Round Lake Park last week voted down a \$100,000 bond issue for lateral sewers to connect with the main sewers now being installed. That community outvoted Round Lake and Round Lake Beach in bonding the area as a district for the main sewage disposal system.

On Tuesday of this week Round Lake Beach voted down a \$75,000 bond issued to purchase a road grader, improve the village hall and build a lockup.

Place Bomb in Automobile
The village police are on the hunt for the joker who last Sunday evening placed an auto bomb in the car of a Wisconsin youth who came here to see a friend. The insertion of the auto key into the ignition system sets off the bomb which gives a whistle and explodes. No damage is done, but it would have produced a bad scare if the youth had not been a victim once before.

Power Boat Races Sunday
Local power boat races at Point Comfort on Fox Lake are expected to draw a crowd Sunday. The races are being sponsored by Eddie and Charlotte's Point Comfort hotel and Murphy's Point Comfort resort, and the public is invited. A number of the Chain O' Lakes well known boats will take part.

Mrs. Rosing Ill
Mrs. William Rosing, wife of the supervisor was taken to St. Therese hospital last Thursday suffering from a blood clot. Her condition has been quite serious, but there are hopes that the clot will dissolve and she will regain her health.

James Mapletorpe, owner of the business and a village trustee, said that his loss was insured.

**Mapletorpe Station
Again Burglarized in
Early Morning Tues.**
For the second time in 10 days the Mapletorpe Service station, 845 Main st., was entered Monday night by a burglar.

This time, nearly \$20 in cash was taken from the cash register, but no merchandise is known to be missing.

The burglar used the same method of entrance as he did on July 7, jimmying a rear window of the store. This time he entered a different window, however.

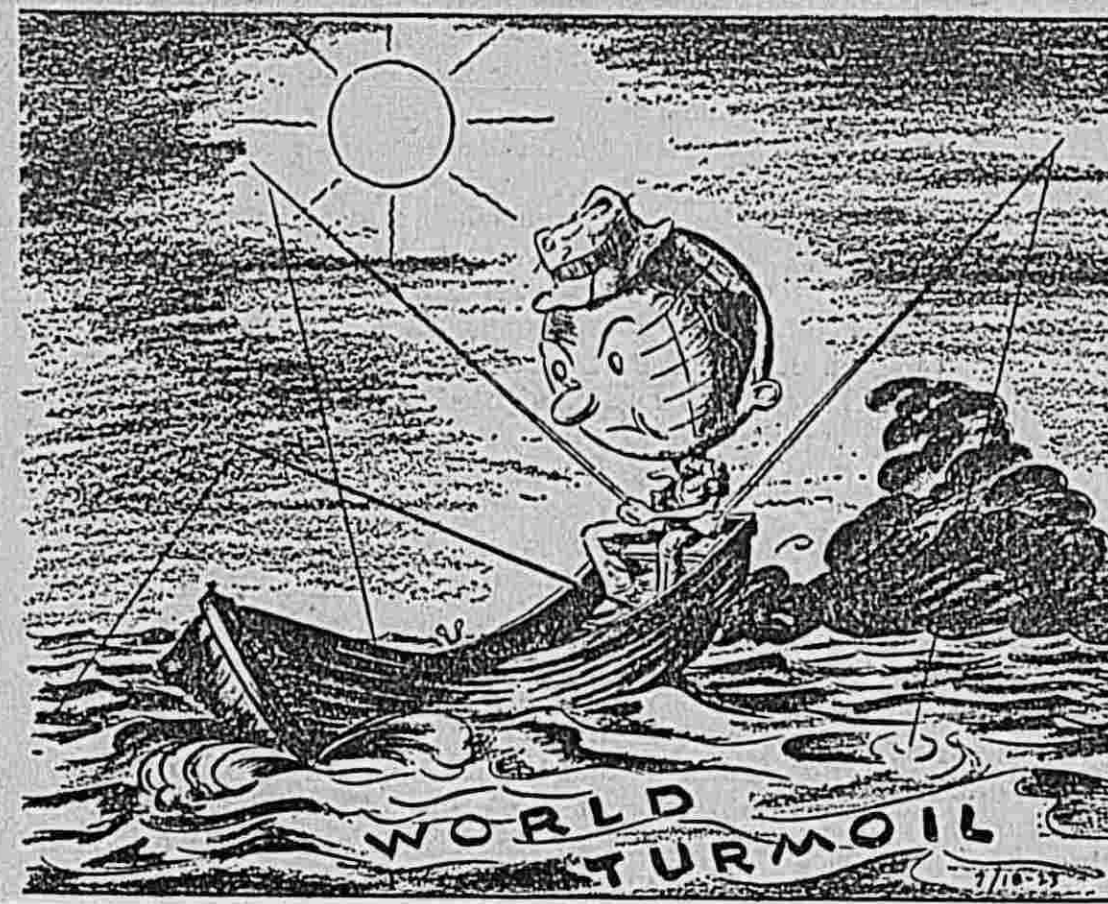

While finger prints were obtained the first time, none was found this week.

James Mapletorpe, owner of the business and a village trustee, said that his loss was insured.

**Antioch Assessment Roll
IS PUBLISHED**
The assessment roll for the Town of Antioch, as fixed by the assessor, appears on pages nine, ten and eleven of today's issue of the Antioch News. Every resident of the Town of Antioch, which includes the Village of Antioch should make it a point to check up on the amount of his assessment.

Any property owner who objects to the amount of his valuation should file a formal complaint with the Board of Review within 10 days from the date of publication of this assessment roll.

Angling for Peace

First Case of Polio in County for 1949 Found In Lake Forest Family

Polio made its appearance a little earlier in Lake County this year than it did last year.

John Paeth, 9, son of Mr. and Mrs. Louis A. Paeth of Lake Forest, was stricken with the disease last week and is now in an iron lung at the Evanston hospital through aid afforded by the March of Dimes fund.

John P. Dromey announced following a meeting of the Lake county chapter of the National Foundation for Infantile Paralysis that unit workers would have their "kick-off" meeting in September for the January campaign.

Leo Porrett of Waukegan today was announced as campaign chairman for the March of Dimes fund. Mrs. Betty Porter is the secretary, taking the place of Joseph Zorc.

\$6,500 in Prizes at Lake County Fair in Libertyville Aug. 4-7

Exhibitors at the 1949 Lake County Fair, opening at Libertyville August 4 will share in the more than \$6500.00 in prizes being awarded in the open and 4-H Club classes. The largest share of awards will be made in the dairy classes. Dairying is the chief agricultural enterprise in Lake County. More than \$2000.00 has been allotted to the open and 4-H Club dairy exhibits.

Sheep and swine exhibitors will each receive around \$800.00 in prize money, with beef cattle showmen taking upwards of \$700.00 on their animals. Close to \$700.00 is being awarded to the open and 4-H Club poultry exhibitors.

The floriculture class has been revised and enlarged this year in keeping with the increased interest in this division. Flower growers will find an opportunity to win awards on everything from asters to zinnias. More than \$100. will be awarded to those whose flower displays are judged best.

In the agricultural products class, which includes all farm grains, seeds, hay and vegetables, close to \$250.00 is scheduled to be given to the exhibitors in this department.

The horticultural class, which includes apples, grapes, plums, pears, strawberries and red raspberries, has been allotted a share of money for prizes.

A substantial amount of prize money is scheduled to be awarded to exhibitors in the fine arts, domestic arts, and dairy, apiary and culinary classes. More than \$600.00 has been allotted to these classes.

The Lake County Fair, which is open to exhibitors from Lake and adjoining counties, affords an opportunity to win valuable cash prizes, and serves to stimulate increased skill in farming and home-making enterprises.

The admission fee this year will be only 50 cents instead of 60 cents for adults. Children under 12 years of age will be admitted free.

Dr. J. Roscoe Miller To Be Installed as New Head of N. U. on Oct. 7

Dr. J. Roscoe Miller, president of Northwestern University, will be formally installed in office on Friday, Oct. 7, it was announced today by James F. Oates, Jr., University trustee. Mr. Oates is chairman of the committee on installation of the president.

Kenneth F. Burgess, president of the board of trustees, will be installing officer at the ceremony, which is scheduled for 2:30 p. m. in Deering Meadow on the Evanston campus. In the event of bad weather, the installation proceedings will be transferred to the First Methodist church.

Mr. Oates reported that a reception has been planned for 4 p. m. to 6 p. m. that day, as well as a dinner at 7 p. m., at which Harold W. Dodds, president of Princeton University, will be the principal speaker.

Dr. Miller took office as 12th president informally on July 1, when Dr. Franklyn B. Snyder went on leave of absence. Until his election a chief administrative officer of the University, Dr. Miller had been dean of the Medical School since 1941. An alumnus of the school in the class of 1930, he has been on the faculty since that year. He is Northwestern's second alumnus president in its 98-year history, the first being President Emeritus Walter Dill Scott.

Bids on Orchard Street Sewer-Water Mains to Be Opened on August 2

The village board in a special meeting Monday night set Aug. 2 as the date for opening of bids for the installation of sewer and water mains on Orchard st.

Approximately 1,972 feet of eight and ten inch V. C. sewer, and approximately 2,104 feet of six inch C. I. water main extensions are called for in the bidding.

Although the agreement with C. N. Ackerman calling for his provision of 20 feet additional width to the street was not reached Monday evening, it was said that the papers would be signed before the end of the week.

An attempt will be made to have the mains installed by Sept. 2 when the new St. Peter's school goes into use. It will be serviced for water and sewage by this improvement.

The board issued a permit to the Sheahan Implement store at 54 Depot st., for the construction of an addition to the store at a cost of \$10,000. A permit was also issued to Emil Hallwas, contractor, for the building of a residence in the Barney Naber subdivision at a cost of \$6,000.

Horse Show at Wilmot Fair to Be Best Yet; Additional Seating

The Kenosha County fair at Wilmot, Wis., Aug. 12 to 14 not only will have its biggest and best horse show this year but will have twice as many seats to accommodate the spectators, Henry Frank, secretary announced.

The additional seating is the result of an extensive building program. A ladies lounge and rest room and a men's rest room have been constructed in a \$10,000 building, and a new barn has been built to house the livestock.

Additional parking space has been provided inside the grounds so that the big crowds can easily be handled.

It's the horse show that attracts Lake county people and this year they will see at least 150 head of the finest this area produces.

S. C. Bills Attends Buick Meeting

S. C. Bills, local Buick dealer, went to Chicago on July 20th and attended a preview of the new Buick Special model which will be introduced to the public next month.

Some 327 dealers from the Chicago Zone were present at the all-day session held at the Stevens Hotel, with the meeting being described as Buick's most important full-fledged dealer convention since before the war.

The Special is Buick's lowest-priced model and is reported to be completely redesigned. It has been eagerly awaited by the industry since the former model went out of production last December.

Mr. George Ruhe, Zone Manager, presided and, with his staff, relayed to dealers technical and descriptive data on the Special which they obtained during a field sales organization convention in Flint, Mich., July 11-13. Talks on films were presented by Buick's top management covering all phases of manufacturing, engineering, sales and merchandising.

Greenwood Farm Cow Has High Production Test

Brattleboro, Vt., July 13—Creston Rag Apple Hildegarde, a registered Holstein-Friesian cow owned by Greenwood Farm, Antioch, Ill., has completed a 323-day production test of 531 pounds of butterfat and 13,562 pounds of 3.9% milk made in Herd Improvement Registry tests.

Testing was supervised by the University of Illinois in cooperation with The Holstein-Friesian Association of America.

This cow was milked 3 times daily and was 4 years 4 months when she began her test period.

To Teach at Gavin School
Mrs. Carl Anderson will teach the sixth grade at the Gavin school next year. A highly qualified teacher, Mrs. Anderson served as substitute in the Antioch school during the past year. Several years ago she was a full time teacher here.

The Storekeeper's Profit

Chain Store Age has published a factual study of how the leading chain systems fared last year, covering such matters as sales volume, profits record, and so on. From the point of view of the consumer, the most interesting section deals with the profits earned by various kinds of stores on each dollar of sales. The figure ranged from about one and one-fifth cents for food outlets to a trifle more than six cents for variety and general merchandise groups.

This variation is understandable. Food is a necessity, and turnover is swift. In the general merchandise field, retailers are confronted with seasonal, style and inventory problems which make unavoidable a larger margin between cost and selling price. And stores which deal in high cost luxury goods, which may not move for long periods of time, naturally must have a still higher markup if they are to keep in the black.

The profit earned by almost any kind of retailer is far smaller than most people realize. Chain merchandising has always been based on the principle

of large sales and small profits per sale. The same principle is now followed by typical independents, who have successfully met the chain competition. That part of the average family's spending which stays in the pocket of the storekeeper is so modest that if he earned no profit at all it would make little difference in our total cost of living.

That is worth keeping in mind when you go shopping—and feel the human urge to kick about present-day prices. They'd be far higher than they are if it weren't for the efficiency of modern retailers.

We Can Avoid This Tragedy

The largest expansion program ever undertaken by any industry is now being pushed by the private electric companies of the nation. It is at the halfway mark. Its total cost will be some \$9,000,000,000.

One of the remarkable things about this huge expansion program is that the industry has had the will to do the job at a time when a bitter, government-backed campaign is being carried on to destroy it. It is the best possible evidence of the industry's progressive and farsighted spirit. The kind of faith in the future which made possible the creation of the industry, at a time when die-hards viewed electricity as nothing more than an amusing and dangerous fad, is still in existence.

Here is the complete answer to those who say government development and socialization of power is necessary to our present and future energy needs.

What would happen if Congress didn't appropriate another penny for socialized electricity—and so took a heavy burden off the backs of the taxpayers? The utilities would simply readjust their plans, reset their sights, and go ahead with the task of providing well in advance for all our power needs. All the money would come voluntarily from private investors, new and important sources of taxation would be created, and the power would be sold at rates held to be fair by public regulatory bodies.

Socializing any kind of enterprise is a tragedy that doesn't have to happen here.

DRIVER'S LICENSE

\$11,000!

Fantastic price? Not at all. You might have to pay it! If you have an accident in one of the 40 states with new, strict financial responsibility laws, you might be required to post this sum in cash or security. Failure to do so could cost you your driver's license. Why not let State Farm Mutual give you the best proof of such responsibility—FULL COVERAGE auto insurance? Our lower rates make it an extra-sound investment. Call or come in today.

Sylvester Says:

"Down with dictators—and little housing czars, too."

Sylvester wants to leave the room when his friends propose public housing.

He knows official reports show it costs \$7. more a month to keep a family in a public housing unit than it costs to rent an average privately owned apartment or house in this country for that same family.

Why not, says Sylvester,—you can't add the payrolls for 17,000 government housing agency employees to construction costs and get a cheaper house.

SEE and HEAR OLSEN and JOHNSON'S FIREBALL
FUN-FOR-ALL every Tuesday on Television

It's always a "Breeze" to a Roadmaster!

SHUCK off that coat, good sir—and loosen that tie.

Call to mind the coolest, pleasantest spot within a couple of hundred miles—and let's go find comfort.

Here's the big broad seat that will carry you there in sofa-like ease. At your toe is the treadle that brings to life 150 eager Fireball horsepower.

In your hand is a wheel, neat and tidy, friendly and obedient. And under it the Dynaflo lever that's key to a whole new experience.

Set it once—and you can forget it. Until

you park or back up, you won't need to touch it again. Find a comfortable spot for your clutch-foot too—that's just going along for the ride—and smoothly feed gas.

No jar, no jerk, no sudden lurch. Just one smooth crescendo of power, soft and silky and forever free of direct-geared harshness!

Traffic slides by, no longer a headache. Open roads spread their welcome, tall hills bow meekly to the power at your command. Cares fall away with the dust-clouds of your going, and you've forgotten the world and the weather.

You know now why scores of thousands wouldn't be without the sweet luxury of

Dynaflo Drive—or the velvet power of ROADMASTER. You know why the Buick ride sets the standard for the industry—above all, why Buick's the buy.

For it isn't just what the price tags say nor what a demonstration shows, that makes Buick such a satisfying investment.

It's in the way a car grows on you when it's planned to please in many ways, and not just through a single feature.

In such a car, any trip's "a breeze." How about breezing around to your Buick dealer to see how quickly you can get a ROADMASTER?

BUICK alone has all these features

Silk-smooth DYNAFLOW DRIVE* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUPLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.

SOCIETY EVENTS

ANNOUNCE MARRIAGE OF DAUGHTER

William Drake, of Libertyville, announces the marriage of his daughter, Dorothy, to Mr. Robert Branding, July 16, at Bethany Presbyterian church, 1847 Humboldt Blvd., Chicago. Robert is the son of Mrs. E. Branding of Petite Lake, and until recently was engaged in the Branding Simoniz Service in Antioch. Mr. and Mrs. Branding will be at home to their friends following a wedding trip to northern Wisconsin and Minnesota, at Voltz Lake.

A reception for thirty friends was held following the ceremony at Our Country Club. Both Mr. and Mrs. Branding are graduates of the Kelvyn-Park High school in Chicago.

RUSSELL ROSES 4-H CLUB MEETING HELD THURSDAY

The Russell Roses 4-H club meeting was held Thursday at the Roy Bolton home. Committees were appointed for achievement program to be held Aug. 10. A talk and demonstration on Outdoor meals was given by Donna Murrie and Joanne Kheil. Flower arrangement was discussed by Betty Rae Birky, Joan Bolton. Rosemary Bolton gave a talk on clothing. Plans for a picnic was made for the next meeting.

MILLBURN UNIT HOME BUREAU TO TAKE TRIP TO LOTUS BEDS

Millburn Unit of Home Bureau held its annual picnic July 15 at Grand Avenue Park at Little Sand Lake. The committee for the event were Mesdames O. L. Hollenbeck, Dostalek, Deitrick and Messersmith. Plans were made for a trip to the Lotus beds July 29. Reservations are to be made by July 23 with Mrs. Laursen.

HOSTESS TO PINOCCHIO CLUB

Mrs. Mollie Somerville was hostess to the members of her pinocchio club at her home Tuesday afternoon. Miss Ethel Adams, Mrs. E. O. Hawkins and Mrs. Somerville were awarded card prizes for highest scores.

Mrs. George Huber, of Chicago, formerly of Antioch, is the guest of Mrs. Somerville. Mr. and Mrs. Harold Huber and son and wife, of Chicago visited with Mrs. Huber at the Somerville home recently.

PARENTS OF DAUGHTER

Mr. and Mrs. Dave Nissen are the parents of a daughter "Nicki" born at Victory Memorial hospital, Waukegan, July 11. Last week's paper stated that the Nissens were parents of a son, we wish to correct that, by stating that it is a girl.

Mr. and Mrs. Alonzo Runyard had as their guests Friday night, Mr. and Mrs. E. L. Kemp and family, from Champaign, Ill. Mrs. Kemp is a sister of Mrs. Runyard. Three other sisters and their families and a brother and his family from Texas, were also present for the reunion together with the Runyard's daughter, Billie and friend from White-water, Wis. This was the first time in a number of years the Hucker family have been together.

Mr. and Mrs. Herbert C. Carey, of Dallas, Texas, returned home recently after a two week's visit with Mrs. Carey's parents, Mr. and Mrs. H. A. Radke.

Walter E. Shepard, of Downey, California, spent the weekend visiting with the Gaston family.

Miss Mary Tiffany, who underwent a major operation at St. Lukes hospital, two weeks ago, returned home Tuesday.

Dr. and Mrs. Charles R. Hough and Mr. and Mrs. Emerson Hough, of Belleville, Illinois, were recent guests of Mr. and Mrs. Lyman C. Huff at their Cross Lake home.

Eight members answered roll call at the Antioch 4-H club meeting Thursday afternoon at the Scout home. Miss Mary Herman gave a talk on Posture and Miss Nancy Sheehan discussed Care of Shoes. Plans were made for modeling clothes at the Home Bureau picnic. Misses Gail Deitrich and Suzanne Birkhead served on the committee.

M. M. Stillson returned home Wednesday after vacationing with his mother, Mrs. John Stillson, and other relatives at Madison, South Dakota. He also visited at Sioux Falls, Volin and Mitchell.

HOME BAKERY SALE

Members of the Women's Society of the Methodist church are sponsoring a home bakery sale Saturday July 30, at the Grande Cleaners office, beginning at 9 o'clock a. m. Those wishing to donate may call Mrs. Charles Davis, Indian Point, Mrs. William Kufalk, Antioch, and Mrs. Louis Biel, of Channel Lake.

CARD OF THANKS

I wish to thank all my friends and neighbors for their kindness and many cards, letters and gifts I received while in the hospital.

Mrs. Tillie Miller

Artist Finds Nepal Full of Contrasts On Strange Journey

NEW YORK.—Artist Charles Baskerville trudged two days over high mountain passes to get into Nepal.

Admission to the tiny kingdom on the northeastern frontier of India is "by invitation only." But when he got there he found the country lined with paved roads and plenty of American-made automobiles.

"They carry in the automobiles on the heads of coolies," Baskerville said. "There are no railroads."

Baskerville, who just returned from his strange expedition, was the first western artist in history admitted to the country, and he made his manners by painting portraits of the maharajah and the king.

"I found the maharajah worldly and charming," Baskerville went on. "He's the prime minister and the real ruler of the country. He spoke English fluently and sat for me in flowing bird-of-paradise headress. I thought a bunch of grapes were dangling over his ear, but they were rubies. As for the king, he's less articulate than the maharajah. He has been out of the country to Calcutta twice, but that's all."

To entertain his royal hosts while doing their portraits, Baskerville hung a large mirror at an angle, so they could see what he was doing. The were fascinated.

"The maharajah may open the country to industrialization," said Baskerville. "He thinks no place is safe from intrusion now, because of paratroops."

He foresees factories rising in the midst of the Nepal valley, a bird-haunted tropical paradise given over to cotton, wheat and rice.

"I was a guest seven weeks," Baskerville went on. "They gave me a private house and plenty of servants. But I was under constant surveillance, more for my own protection than anything else. Sometimes I was almost swamped by friendly mobs. I went everywhere and painted everything. One day 28,000 Hindus came over the mountains and swam in the Bhagnath river—sort of the Ganges of Nepal—and considered holy."

Chicken Wings Replacing Wings of War at Air Base

SANTA MARIA, CALIF.—The wings of war have given way to chicken wings at Santa Maria air base.

Four years ago 15,000 men lived here in a big "city" of 3,476 acres, but after V-J Day the camp was a ghost town until Santa Maria officials got the idea of converting it into a giant chicken farm.

More than 200,000 broilers and fryers are being fattened in the former barracks and warehouses. Special feed and 24-hour lighting hurry the maturing process, so that each bird lives only 10 weeks from egg to frying pan.

A packing company has leased the base refrigerator building and expects to handle about two million chickens a year.

Cook Takes Long Chance And Defies Holdup Man

CINCINNATI.—A 34-year-old hotel cook took "a long chance" and refused to give up his money—even at the point of a gun.

The chance paid off. He kept his money and the alleged holdup man was jailed.

The intended holdup victim was Robert Pohlman of neighboring Covington, Ky.

He told police a young Negro accosted him as he was walking across an Ohio River bridge from Covington to Cincinnati.

"He pulled a pistol and said: 'Give me your money or I'll shoot,'" Pohlman said. "I told him he was crazy and I kept walking."

The holdup man, apparently angered over Pohlman's failure to obey him, fired a shot into the air and repeated his demand.

Pohlman still refused and ran to the center of the bridge where he flagged down Bridge Patrolman John Waring, who was coming on his motorcycle to investigate the shooting.

When the alleged gunman, later identified as Odel Murphy, 19, Cincinnati, saw Waring, he fled, but the patrolman took him into custody

a short distance from the bridge. Later, Pohlman told newsmen: "I just got mad when he asked for my money but, now that I think it over, I believe I took a long chance."

Eleven Autos Get Involved In Two Traffic Accidents

FORT WORTH, TEX.—Two identical traffic accidents within a short distance and time of each other involved 11 cars and caused numerous smashed grills, dented fenders, and ruffled tempers.

Six cars were stopped nearly bumper-to-bumper while waiting on another motorist to make a left turn at an intersection. A seventh motorist skidded into the rear car, resulting in every car in line bumping into the one ahead.

A similar accident at nearly the same time three blocks away involved four cars.

Bedbug Control

A dust containing 10 per cent DDT is fully effective for the control of bedbugs. Dust well into cracks and crevices of walls and baseboards of infected rooms and over the surfaces of bedsteads and mattresses.

Electric Fans

Have guards for all electric fans and place them out of reach of children.

Uncle Sam Says

"Put more Opportunity in your Future" during the Spring Opportunity Drive for the sale of U. S. Savings Bonds. When a representative calls at your home and asks you to sign up—don't miss this opportunity to say "yes." If any of the millions of volunteers—workers who are proud to help their country—should miss you—don't wait. Enroll for the Payroll Savings Plan where you work or the Bond-a-Month Plan where you bank.

Safety Measure

All utensil handles should be turned away from stove edges.

Vitamin C

Tomatoes, most popular of all home garden vegetables, offer vitamin C generously, especially if they ripen in the sun. Other good vegetables for this vitamin, needed every day for best health, are: cabbage, cauliflower, green peppers and the green leafy vegetables of all kinds—especially if used fresh from the garden and served raw in salads, or quickly cooked in a small quantity of water.

Peanut Oil

Peanut oil can be heated to much higher temperatures than other animal and vegetable oils before it begins to smoke or scorch; thus it is preferred for deep-fat cooking of potato chips and similar food products.

Wind Pressure

A 40-mile wind exerts a pressure of approximately seven pounds per square foot on the side of an automobile. An automobile might have an area on the side of about 30 square feet, so the total pressure of such a wind would be about 210 pounds.

Marketing Act

One of the strongly emphasized goals of the research and marketing act is the development of a more efficient system for distributing agricultural products.

U. S. Pipe Smokers Will Benefit Because Iturbi Burned Hand

NEW YORK.—Mankind, or that portion of it which smokes a pipe, will benefit because Jose Iturbi burned his valuable fingers tamping his pipe.

The story of the evolution of an automatic spring tampo has just been told. It is attached to the top of the pipe along with a perforated metal top which permits the pipe to "breathe" while being tamped.

Iturbi, concert pianist, conductor and motion picture actor, was in the MGM commissary a year or more ago, it seems, when he complained to Joe Pasternak, the director, that he was burning his fingers. He is in inveterate pipe smoker, in or out of the movies.

Pasternak, George Sidney, another director, and Arthur Freed, a song writer, were lunching with Iturbi and decided something ought to be done about it. They drew possible designs on the tablecloth. Freed mentioned the matter to his brother-in-law, an engineer at the studio, and after a year's effort a new boon to mankind was evolved.

Other movie people evinced an interest and so the Pak-A-Pipe came into being.

But it was decided that after all they were movie people and not pipe dealers and a commercial outlet was sought. Joseph Ross of John Surrey Pipe, Ltd., was contacted and his company purchased the device. The "everlit pipe" will soon be on the market.

The device, Ross believes, will revolutionize the pipe industry. It permits tamping with a simple pressing of the thumb without burning fingers or the pipe going out. He did not say it does away with smudgy pencil ends employed by pipe smokers who learned long ago with Iturbi that tamping burns the fingers.

Ultrasonic Devices Seen As New Aid to Industry

NORTH HOLLYWOOD, CALIF.—An experimenter in a small laboratory here is head over heels in ultrasonics, the new science of sound that you can't hear.

The process he's perfecting, he says, may one day revolutionize industrial work, such as recovery of pure metal from ore, the hardening of steel and the sterilization of food. Someday you may wash clothes, instantly, with sound. It will mix paint, and keep it mixed.

The experimenter, Jack Hibbard of Los Angeles has been a mining operator, oil driller and manufacturer for 24 years.

He got into ultrasonics in trying to find a new method of extracting pure graphite from ore in a deposit near Lake Hughes, Calif.

He says he has produced 99.8% pure carbon flake graphite with sound.

Hibbard's associate is Hal C. Thomas of Los Angeles, business executive of their unincorporated general sound laboratories.

The partners have surrounded themselves with consulting experts, engineers, electronics men, chemists and metallurgists.

Independence Hall Opened By Boy Scout With Old Key

WESTFIELD, N. J.—They may have to change the lock on Independence hall in Philadelphia, a spokesman at the shrine admitted because a 12-year-old Westfield Boy Scout opened the door of the hall, for which there is supposed to be but one key in existence, with an old one he found at home.

That boy, Hugh Williams, accompanied a group of Cub Scouts from near-by Cranford on a visit to Independence hall. After a guide pointed impressively and told the visitors "There's the only key in existence that will open the door of Independence Hall," Hugh pulled a large key from his pocket. "Here's one that will open the door," he announced. To humor the boy, a guard locked the door and allowed Hugh to step outside. To the astonishment of all, the scout unlocked the door in a few seconds.

Milwaukee Whistle Ban Lifted For U. S. Boats

MILWAUKEE.—Since 1914 almost every boat that has entered Milwaukee harbor has whistled defiance of local law.

A city ordinance provides that whistles can be used only as signals for bridge openings. Recently it was amended to permit five long toots as a fire warning.

But federal law requires whistle signals for passing, blind turns and other harbor activities. Tugs always have used whistles as signals, and every single toot has been a violation of the city's ordinance.

Commander E. J. Roland, acting commander of the 9th Coast Guard district, discovered the situation the other day, and called it to the attention of Alan Steinmetz, an assistant city attorney. Saturday Steinmetz sent to the common council a proposed amendment to the ordinance exempting federal requirements from the local ban.

SHORT STORY

Turkey In The Hay

By Dorothy Roseborough

CLETA BROWN was furious. For the third time Seth Jones had caught her turkeys in his alfalfa. Now he was acting as if she had driven them in.

Angrily, Seth ran across the field to head the turkeys from the newly flooded alfalfa. "Can't you keep those dang birds off my place?"

Cleta slapped her sunbonnet at the flustered turkeys. "Do you think I want 'em over here?"

She snapped, "Get 'em out of my place!" She snapped, "Get 'em out of my place!"

It, maybe! They're under the fence and in your place before I know it."

"Under the fence!" growled Seth. "They rise up and sail right over, the flying fools! Why don't you keep their wings clipped? Reckon you figger the more green feed your tom gets the better his chance to grab off first prize at the fair."

Cleta flushed with anger. "That's a low-down remark!"

"Another thing," broke in Seth. "I don't want your tom with my flock. Keep your birds on your own place."

Cleta was proving up on her desert claim with a crop of milo-maize. The scattering grain made wonderful forage. But the field was some distance from her homestead and the turkeys had to be driven there every day.

Before they started fussing about the turkeys, Seth looked at her a lot. Maybe she could make him look at her again with that warm eagerness in his eyes.

THE smell of autumn was in the air the morning Cleta rode into town to enter her tom for the show. Coming home she checked her horse to a walk as she passed Seth's place.

Then she saw the turkeys were in the alfalfa again, and she turned in at Seth's gate. No one answered her shout as she galloped by the house to the field.

Jumping off her horse, Cleta snatched at her sunbonnet and beat frantically at the fighting gobblers. "Get away, you devils!" Cleta panted. She drove them off and dropped on her knees beside one of the birds which had dropped bleeding. She watched the victorious gobbler strutting and drumming his wings as he rounded up the hens; the bronze hens, the new members of his harem. She knew for sure then. Her bird had killed Seth's tom.

Cleta stood up. She saw Seth turning in at the gate, and as he hurried toward the field a hot triumph flooded through her. With Seth's gobbler out of the running her turkey would surely win.

But this would end everything, she told herself. Cleta knew she could not bear to keep on fighting with Seth.

"So you let 'em get in again," he stormed, "Anyone with a brain might know this would happen. By

Cleta slapped her sunbonnet at the flustered turkeys. "Do you think I want 'em over here?" she snapped.

heck!" he exclaimed, "Blamed if I know which one it is!" He knelt and turned the gobbler over.

"Well, I know my own bird, even if you don't," Cleta retorted, "So now you can go ahead and win that prize money you're so het up about."

"Dunno as I was any more het up than you."

Seth looked from the dead bird to the swelling gobbling tom with the swelling gobbling tom with the hens. He grinned. "Say, Cleta," he drawled in the old friendly teasing voice, "Why don't you take that bird of yours home? He's cutting up something scandalous round them widows."

Cleta reddened. "I tell you he's your bird," she insisted, moving toward her horse.

Seth caught her by the wrist. "Hey! Wait a minute! You know darn well that's your tom with my hens. But if you are honin' for proof—"

He spread the dead turkey's wing. Clipped in the thin, membrane Cleta saw a narrow registration band.

He was smiling, but Cleta saw that his eyes were intent and eager. "It doesn't mater now," she murmured, "It's just that I felt so terribly lonesome."

HIGH JINKS

Menageries Take to Air

CHICAGO.—Airline people speak of 1948 as the year of flying menageries.

The lowly worm had his day in the air, along with lobsters, snakes, ducks, tigers, chimpanzees, bears and assorted house pets according to Joseph D. Boylan, director of cargo sales for American Airlines.

Boylan said the scheduled aviation industry's 16-million-dollar airfreight business last year included a lot of oddities in and out of the animal kingdom.

A parrot flying by Flagship from Mexico City to San Antonio was reportedly refused admission to this country because it used profane language.

Too Much Sunshine

Somebody in Dallas grew tired of all that sunshine and had 25 pounds of bona fide New York snow shipped by air after the pre-Christmas storm in the east.

The Oregon chamber of commerce sent 60 pounds of soil to be sprinkled in the Dallas Cotton Bowl New Year's day, so the Oregon football team wouldn't have to play on "foreign" soil. The Webfoot lost to Southern Methodist anyhow, 21-13.

In Los Angeles a shipper sent his dog to the airport in a crate marked "Rush! This dog expecting." The dog gave birth to three pups before plane time. Upon her arrival at destination it was found some wag had scribbled across the crate, "Too late!"

Out of Mexico a new item in food-stuffs became a regular note on airfreight manifests: fried pumpkin seeds. It seems they are favored as appetizers in some parts of the U. S.

One December night an airfreighter took off from Newark, N. J., with a crate of baby chicks and two monkeys. When it arrived at Buffalo cargo handlers nonchalantly loaded it with three crates of prize turkeys weighing 45 pounds each; five crates of chinchillas, two canaries, a stone deaf kitten, three dogs, and two crates of fancy pigeons.

Catalogues Fly

Even the ubiquitous Sears Roebuck catalogues took to the air when 20,000 pounds were flown from Boston to Frankfurt, Germany.

A Syracuse political leader paid off an election bet by parading in front of the city hall with a lion he had shipped on American Airlines from an animal farm in Boston.

A woman in the Middle West who attributed her recovery from tuberculosis to the goats' milk she received from Los Angeles had two of the special alpine goats shipped to her by flagship to keep as pets.

A chimpanzee anxious to arrive in Hollywood fresh for a screen test went from Cincinnati by air and won a part in the movie "You Gotta Stay Happy."

Boston dispatched a flying Noah's ark last August when it loaded onto one airplane: a lion, a wolf-hound, a Weimaraner cat, 11,000 baby chicks and six tons of fresh fish.

During the year American carried human eyes and whole blood; precious serums and iron lungs; radio-active isotopes, hurley sticks and gold bricks. "It's getting so you can't surprise a cargo handler any more," Boylan said.

Liberty-Loving Osceola Can't Find Resting Place

CHARLESTON, S. C.—Osceola, who fought for Indian living space in Florida during his lifetime, still hasn't found a final resting place in his homeland 111 years after his death.

But efforts are under way to return his bones to Collier county, Florida, where 500 survivors of the once-mighty Seminole nation revere Osceola as the George Washington of his people.

Under a weathered slab in a weedy plot the famous Indian warrior lies on a spit of sand reaching into the Atlantic near Charleston.

Around his grave rise the crumbling earthworks of Fort Moultrie. Osceola died in the fortress in 1838, a year after his capture by Gen. Thomas Jessup, who violated a truce to take his prize.

Osceola's protagonists—historians are divided on whether he was a great warrior or an unprincipled savage—say he died of a broken heart.

Home-Like Atmosphere Too Much for Burglar

BROOKLYN.—A burglar made himself so much at home in a Brooklyn house he was ransacking—sitting down to a bottle of whiskey and a television show—that he could not bear to leave even to escape capture by the police.

The prisoner said he was Joseph Motyka, 48 years old, and gave his address at 115 Mott street. He told the police he had passed most of Tuesday night in his favorite Bowery tavern watching wrestling matches and other sports programs on the television screens in the bars. How he got to Brooklyn, Motyka did not rightly recall.

Senator Balks At Weird Items In U. S. Tracts

WASHINGTON.—Economy-minded Sen. Styles Bridges (R., N. H.) asked if any of his fellow senators knew "how to tell the sex of watermelons."

If they did not, he said, they could find out about it in a government publication.

He also asked if they knew anything about the economic status of the band-tail pigeon.

He admitted that he did not know that said pigeon had an economic status until he found a government booklet on "Habits, Food and Economic Status of the Band-Tailed Pigeon."

Could Shorten Shelf

Bridges suggested that the book was—or at least might be—one of the reasons why congress should shorten the "1,000-foot shelf" of Government books. He said he was not criticizing any particular publication but that congress ought to do something about "Uncle Sam's Book of the Minute Club, Unlimited."

No one can estimate the over-all cost, he said, but the appropriations committee, which he headed in the last congress, collected 83,000 publications when it asked each federal agency for one copy of each publication.

He reported the government printing office had delivered 133,582,867,587 copies of printed matter in the last 10 years. And, he added, the government departments and agencies turned out additional "1 m m e n s e quantities" themselves.

"The people ought to feel fortunate that we don't pass a law forcing them to read that stuff," said Sen. Homer Ferguson (R., Mich.)

Sen. Clinton P. Anderson, (D., N. M.) who used to be head of the agriculture department, interrupted to say that the printing mentioned "included 500,000 reprints for one senator alone."

Wants "Useful" Books

Bridges hoped that senators and house members would try to supply constituents.

"Let's continue to send them 'Infant Care' and let's think twice before we send them publications on 'eliminating Bats from Buildings,'" he suggested.

He disclosed, incidentally, that bats were evicted by closing all but one or two escape hatches in a barn in the daytime. At midnight when all the bats are presumably gone through those two outlets, they are plugged too.

"Remarkably simple," said Bridges, "but do we need a government brochure?"

He particularly enjoyed reading from a book of muskrat recipes. He asked Scott W. Lucas, senate Democratic leader, when the Democrats would supply recipes on "how to eat crow."

That would be more appropriately written by Republicans, snapped Lucas, who became senate majority leader after the Republicans lost control of congress in the 1948 election.

Doctor Says Operations Inside Heart Possible

CLEVELAND.—A research specialist has predicted that surgeons would be operating inside the heart before many years.

"Ways will be devised to stop the heart, keep the brain alive, open the heart, close it, and start it beating again," said Dr. Claude S. Peck in an address to the city club forum.

S. Peck in an address to the city nique of heart surgery involved the grafting of a section of vein between the aorta and coronary veins to act as "feeder" to dry areas of the heart blocked by clotted arteries. The operation already has been performed on human patients, he said.

Dr. Peck is engaged in research work to conquer coronary disease, commonly known as "heart attack." He and his associates have performed nearly 5,000 experimental operations on animals and humans, he said.

LOS ANGELES.—The lucite that made the bubble turrets of combat aircraft is now being turned into a sort of bubble turret for the poor eyed public.

It is the material from which tiny new plastic lenses, covering only the cornea of the eye, are being produced. Although they were considered in the stage of "active research" until a few weeks ago, the corneal lenses may someday make contact lenses obsolete.

The lens caps only the colored part of the eye, and is held in place by natural capillary attraction. There is no flange to fit the eyeball, and no auxiliary fluid needed.

Nor do they flip out with a hearty slap on the back or a sly wink. Tears, just tears, hold them in. They are visible only to the expert.

Electrical Inspections

Inspect farm electrical systems for broken insulators, defective ground connections, dust around lights, leaks in roofs over wiring, and accumulations of manure around wiring.

Rat's Board

The board bill for one rat runs \$5 or more a year.

Growing Watermelons

Watermelons require a constant supply of nitrogen through the growing season. Placing 5 to 10 pounds of well rotted manure under each hill is a good practice.

Bones of Foot

The foot is a delicate piece of body machinery, made up of 26 different bones and several times that many ligaments.

HICKORY

Mr. and Mrs. E. W. King have a new grand daughter. A daughter was born to Mr. and Mrs. Wilson King, of Whitewater, Wis., at the hospital in Fort Atkinson, Wis., on Saturday, July 16. Mother and baby are doing fine.

Mrs. Wilbur E. Hunter entered St. Therese hospital in Waukegan on Tuesday, July 19th as a medical patient.

Howard and Richard Wells returned home from their two weeks vacation spent near Denver, Colo., visiting relatives and sight seeing.

Mr. and Mrs. H. A. Tillotson, Mrs. E. W. King and Mrs. Wm. D. Thompson drove to Port Washington, Wis., on Tuesday afternoon and visited Mrs. Wm. Hallada and baby son, Vaughn.

Mr. and Mrs. Curtis Wells were visitors at the O. L. Hollenbeck home in Millburn Sunday evening. Mrs. Hollenbeck is ill.

Mr. and Mrs. George Panzer, of Libertyville were Sunday afternoon callers at the Gordon Wells home.

Mort Savage and Mrs. A. T. Savage, of Millburn, had dinner with the Curtis Wells family on Friday.

Painters Should Dodge Sun

Painting in the direct rays of the hot sun should be avoided, but work can be laid out so that the operator follows the movement of the sun. If a house faces east, the painter should start as early as possible on the west side, doing the east at a later hour. Early afternoon would be the time for the north side, while the south side should be done later in the afternoon. Paint, of course, should never be applied to surfaces on which humidity has condensed to form a temporary film of water.

Woodchuck Nuisance

Woodchucks are nuisances on any farm or pasture. Many a head of livestock has broken its leg by stepping into one of these holes. The mounds of dirt around the holes interfere with farm machinery. These animals destroy a certain amount of grain but their main damage is done in their burrowing.

This Week's Bible Verse—

"Except the Lord build the house they labour in vain that build it."—Psalms 127-1.
During the framing of the Constitution, Benjamin Franklin quoted this scripture and then added, "If it be true that a sparrow cannot fall to the ground without His notice surely a nation cannot rise without His aid."

From the Hal of Fams—

Mohammed was a mule driver; Moses was a slave; Christ was a carpenter; Columbus was a candle maker; Watta was a dishwasher; Franklin was a printer; Whitney was a school teacher; Patrick Henry was a bartender; Lincoln was a rallsplitter; Burbank was a farm hand; Rockefeller was a bookkeeper; Edison was a telegraph operator; Ford was a day laborer. They were motivated by a will to work which is the foundation of all human development.

This Week's Recipe—

Potatoes in one form or another are generally welcomed. Try this one. Use what is left of mashed potatoes. Mold into balls size of an egg, thoroughly chill. Make batter of eggs well beaten with fork. Dip potato balls in rolled cracker crumbs or corn flakes then roll in egg batter and then in crumbs once more. Fry in hot fat until crispy brown. Um! Um! but they are good. We welcome your "left over" recipes.

The First Bank Account—

To record the birth of their first baby, a father in Berlin, N. H., opened up a new bank account in the child's name with four deposits, the first \$19.48 for the year, then \$4.14 for the month and day, \$12.03 for the time, and \$7.98 for the weight. Total \$43.63.

Who Was Gyped?

A broken down actor, stranded in a small town hotel deposited with the manager a \$100 bill for safe keeping.
The hotel grocer later appeared to collect on his account and the actor's bill being handy, the hotel manager paid him \$100 on account with the same bill.
The grocer went down the street and paid his rent—\$100.
The landlord owed his lawyer \$100.
The lawyer owed the doctor.
The doctor owed the hotel.
By evening the \$100 bill was back in the hotel. The actor came in and asked for his money. To impress and have a joke on the hotel manager, he calmly took the bill and used it to light his cigarette. It was nothing but stage money.
Now, was anybody or everybody gyped?

The Major League—

Bob Feller completed his first season with Cleveland Indians at the age of sixteen — the youngest player to ever get into a major league.

To Bowlers and Golfers—

Contrary to popular belief it is almost ten times easier to shoot a "hole in one" in golf than it is to roll a perfect game of 12 consecutive strikes in bowling, as the odds against the golfer are 30,000 to 1; against the bowler 290,000 to 1.

Brain Fodder—

A thinking driver doesn't drink. A drinking driver doesn't think.

When a check comes back marked "No account," maybe it means the man who wrote it.—Sunshine Magazine.

This Week's Quizzer—

Answer this one without referring to a map. Not many answer it correctly. We know that Texas is the largest state in area west of the Mississippi; what state is the largest in area east of the Mississippi? (Answer next week.)

Answer to last week's question: What simple sentence in the English language can be stated orally but cannot be correctly written because of the spelling of one word?

Well! How are we going to answer that one ourselves? So, here goes. (No. Two, Two) is spelled three different ways. Will be with you again next week.

Amateur Wrestling and Boxing Bouts at Round Lake Park on Saturdays

Another all star wrestling and boxing show will be featured next Saturday night in the Lake County Stadium in Round Lake Park. The shows which were previously staged on Friday nights have now been changed to Saturday and the card will now be held every Saturday throughout the balance of the summer.

For his big bout next Saturday night, Lou has Frank Benton, of Long Lake facing the talented Bruce Priebe, of Libertyville in a stellar match. These two youngsters are coming along fine and there is great interest in deciding the supremacy of the pair.

Don Sonnenfeldt, of Fox Lake, comes to blows with Wayne Coyer, of the Great Lakes. A knockout is looked for here as both boxers are stunning punchers. In another 'gee whiz' clash Merle Jones, the native Round Lake Park boy battles Earl Barrett of Fort Sheridan. Fans have expressed admiration for both fighters and the match will be bitterly contested on Saturday night.

Edwin Rostad, of Round Lake Beach tangles with Ray Clark of Lake Zurich and Joe Topolewski, Long Lake contender meets Gerry Lenard, a good looking prospect of Mundelein.

In addition to these boxing matches there will be two stirring wrestling clashes to create as much excitement as the boxing bouts.

Bertha Elwood, Former Resident of Antioch Dies in Chicago

Bertha Elwood, 64, passed away suddenly of a heart attack, Tuesday July 19, at her home in Chicago. Mrs. Elwood was born in Montreal, Canada, Dec. 12, 1884. For many years the Elwoods spent their summers in Antioch and Mrs. Elwood was employed at the A. & P. Food store. Since 1938 she had been engaged in business in Chicago where she made her home.

Survivors are two sons, Donald of Chicago, and Russell of Wilmet, Wisconsin. Her husband, Benjamin passed away in 1931.

Funeral services will be held Friday at 9 a. m. from the Seauarth Funeral home, 7400 Tvey Ave., Chicago. Interment will be in All Saints Cemetery at Des Plaines.

Antioch Telephone Girls Baseball Team Wins 5 of 7 Games Played to Date

The Antioch Telephone girls are all out waltzing to the tune of "Take me Out to the Ball Game." The occasion, Antioch has a baseball team decked in red and grey uniforms.

So far Antioch won 5 out of 7 games (losing to Highland Park and Waukegan traffic). Next home game will be July 27 at the Antioch Grade school, 7 p. m. Glencoe will be the opposing team.

Players on the regular team include Mary Ann Quilly, Pat Milz, Arlene Popp, Esther Weber, Alice Fox, Dar Bauer, Olga Himens, Julia Gebhardt, Joan Smoe and Eva Mollitor. Manager is Fred Popp, umpire is Otto Milz.

Only Surviving Heir Mary Willett, of Lake Villa, has laid claim to the \$10,000 personal estate of her cousin, Adelaide Deary of Chicago, as the only heir. Her husband, Howard, was named administrator.

Slot Machines Back Slot machines that disappeared after some mysterious bombings throughout the county made their appearance openly in Antioch yesterday with the explanation that everything had been fixed up.

Brood Mare Feed Brood mares with young foals should be fed about like work horses at light work. Pasture is a good source of protein, mineral, and vitamins essential in the brood mare's ration. If pasture is not available, feed alfalfa hay or mixed clover and timothy hay.

Diesel Trains Many light-weight, Diesel-powered, air-conditioned streamline passenger trains represent an investment of from \$1,000,000 to \$1,500,000 each, depending on size of power unit, length of trains and other factors.

Egyptian Custom The ancient Egyptians painted the figure of an enemy on the leather soles of their sandals, so they could insult him daily by treading him under foot.

New Jersey Polo Club To Provide Opposition At Arlington Farms

The Blind Brook Polo club of New Jersey, one of the most famous polo groups in the country, will provide the opposition for the Arlington Farms club at Arlington Farms, Sunday at 3 p. m.

The easterners are led by George Oliver, considered the greatest back in polo and recognized as an all-time great.

Arlington, victors in 14 of its last 15 games will be seeking to get back on the victory parade after its loss last Sunday to the Army All-Stars by a 12 to 7 score.

Capt. Len Bernard, of Arlington, after praising the fine Army quartet Sunday, indicated that there might be some shakeups in the Libertyville lineups for the Blind Brook team.

All enlisted personnel in the Army, Navy and Marines, in uniform have been invited to all future games as guests of the Arlington club, Bernard, announced recently.

Stainless Steel Tints and discoloration caused by overheating stainless steel can be removed by scouring with household cleansers.

Farm Land Prices After 10 years of almost steady climbing, farm land prices in the country as a whole appear to have reached a postwar peak.

READ THIS BEFORE YOU BUY ANOTHER CHUCK ROAST

Thousands Discover That A&P's "Super Right" Meat Policy Means... Better Eating... Better Value Every Time!

When is a chuck roast not a chuck roast? WHEN IT'S A NECK CUT! The neck cut is bony, the meat is coarse and stringy. Under some cutting methods neck cuts are sold as "chuck roasts" at very low prices, and real chuck roasts (Blade, Arm and Boston cuts) are sold at much higher prices.

A&P's "SUPER RIGHT" MEAT POLICY DOES NOT PERMIT THIS.

All A&P chuck pot roasts are genuine Blade, Arm or Boston cuts... the very choicest part of the chuck... and they're priced as low as possible! Considering how much more good eating they give you compared with a neck cut, A&P chuck pot roast is a BIG MONEY'S WORTH!

A&P NEVER SELLS NECK CUTS AS CHUCK ROASTS... Just one more reason why you can buy with confidence at A&P.

Either cut makes a pot roast everyone will rave about. "Super Right" trimmed before weighing... that means excess fat removed, entire knuckle bone taken out. Goes farther, tastes better, costs less in the long run!
